CORE

Cooperative Oversight & Reporting Engine — Quick Guide for Inspectors

Department of Cooperation
Government of Sikkim

Who uses what

- **Field app (this guide)** — used by **CI, ACI and PA**. You only see the institutions assigned to you (a CI sees the ones they registered).
- **CORE ADMIN** — used by the **CI** (and the System Admin) to review reports and assign institutions to ACI / PA. ACI and PA cannot open it. See the separate *CI Guide*.

1. Open the app

https://core-cooperationdptt-gos.vercel.app

- Open the address in Chrome (Android) or Safari (iPhone).
- **Add it to your home screen** so it opens like an app: Android — menu ⋮ → *Add to Home screen*. iPhone — Share → *Add to Home Screen*.

2. Log in

- Use your **official email ID** and password, then tap **SIGN IN**.
- Forgot your password? Tap **Forgot password?**, then open the link sent to your email. Check Spam if it does not arrive in a few minutes.
- New inspector? Tap **Register here**. You can only work on institutions your CI has assigned to you, so ask your CI to assign them after you register.

3. Monthly report — step by step

1. Choose your society or centre and the reporting month.
2. Fill each section. Tap **Save and continue** to move to the next one; your data is saved as you go.
3. MPCS sections: Evidence, Sales, Business, Loan (only if the society has an active loan), Activities. Milk PCS follows its own section list.
4. **Evidence:** take the photo on site. The photo, time and location are printed on the report.
5. **Activities:** pick a category (Meetings, Trainings, Events, Others), enter the number of participants and the summary / resolution, then tap **Add to log**. Add one entry per activity.
6. Go to **Review and submit** only when every section is done. Check the figures, then submit.

4. Other things you can do

- **Members:** add, edit and number the society's members. Tap a member to edit.
- **CSC transactions:** add *one entry per transaction* — service (for example phone recharge, flight or train ticket), the total amount and the commission.
- **Records:** see past reports and open their PDF.
- **Print / Save PDF:** opens the report as a PDF you can save or share.

> **Important:** each submitted report's PDF is kept for **7 days**. Download or save it within that time. The record itself stays in the system.

5. If something goes wrong

- Refresh the page (pull down) and try again. Make sure you have a mobile signal.
- Do not submit the same month twice. If a report needs correcting, contact the person below.
- Take a screenshot of any error message and send it with your name, society and month.
